Why did you initially run for office, and what do you hope to accomplish as a council member? I was inspired as a desire to become more active in the community after volunteering with Henderson VFD, which ignited a desire to learn about the city infrastructure, budget, etc...it's like a jigsaw puzzle and I'm intrigued by figuring out the placement of all the pieces.

What are your hopes and visions for Henderson's future? To keep building onto our community to increase likeability and potential for people to see Henderson as a family community that provides the big-city living in an intimate, smaller city setting.
